

SUBURBAN SKIES

Suburban Skies performs post-Beatle era Fab-Four music and is not a typical Beatles tribute band. We are a unique blend of experienced professional performers and highly skilled invigorated youthful players.

Most everyday, we all hear Beatles songs on the radio. "*The Long and Winding Road*," "*Yesterday*," or "*Let It Be*." We love those songs, but you won't hear them at a Suburban Skies concert. You'll hear "*Gimme Some Truth*," "*Heart of the Country*," "*Apple Scruffs*," and other great songs that the Beatles recorded *after* they were in the Beatles. Great songs that you just don't hear anywhere else and that is what makes Suburban Skies unique.

Suburban Skies was birthed from the lyrics:
Penny Lane is in my ears and in my eyes. There beneath the blue ...

We are the perfect band for summer concerts in the park, private parties, and corporate events.

As the personal manager of the Southern California based pop-rock band Suburban Skies, I have enclosed a complete press package and album for your review.

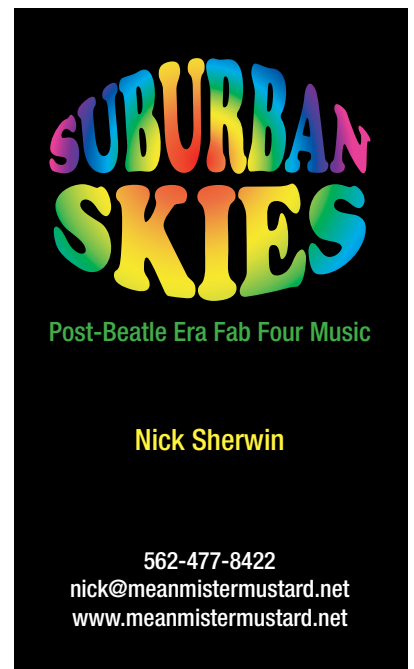

Please don't hesitate to contact me should you need further information. Thank you in advance for your time and consideration.

Sincerely,

Nick Sherwin

Best Lennon arrangements since John Lennon himself.

This album has great sound quality and amazing arrangements. It has really brought about a whole new meaning and experience for Beatles fans around the world. I would highly recommend this album to die-hard Beatles fans as well as the youth who enjoy some of the classics.

Pulled it off!

Wow. It takes a lot of guts to cover John Lennon. You almost expect a CD like this to disappoint. But this album not only captures the vocal vibe of John (without sounding like an impersonation), the music also carries you into the wit, joy, and sad vibes of the mind-behind-the Beatles (can't wait to hear Suburban Sky's upcoming CD of "Paul"... the heart of the
